Wrap Around Care

At Bletchingley Village Primary School, we benefit from excellent wrap around care services, in the form of our popular breakfast and after school clubs. Both clubs are run by our friendly, qualified school staff and provide a service for working parents, who can drop their children off from 7:30am and collect before 6pm.

Breakfast Club:

A selection of cereals, toast, crumpets, yogurt and milk or fruit juice is offered for breakfast.

After School Club:

A light snack comprising a selection of sandwiches, bagels, muffins or wraps, salad, fruit and cheese with crackers is offered each afternoon at After School Club. The children who attend this club also have support and time to complete homework. There is also an opportunity to socialise with friends, exercise and have fun.

I like it here. We have our food and then we can do our homework. I like playing in the woods and playing football on the field.
